panDOMO wall®

Pandomo wall is a Decorative finishing render ideal for creating and designing your unique custom surface finish for all internal wall and ceilings.

Endless design possibilities.

Easy to apply.

Very hard.

Excellent adhesion.

Applied only 1 mm thick, Pandomo wall hardens and dries rapidly to a stress-free layer without cracks even on plasterboard walls. The system allows to create and incorporate individual colour tones.

Once hardened, the material is physiologically and ecologically safe.
